

...changes the conversation for us all.

## What do you get when you mix your circle of friends, ophelia's place and a donation bucket?

You get Circles of Change, a grassroots movement inviting individuals to come alongside Ophelia's Place and affect change globally. But more than just giving money, Circles of Change empowers you to start the change with yourself, your family, your friends, your colleagues and your communities.

### How it works:

1. gather your friends
2. do something fun - look at the possible ideas or come up with your own
3. get educated about OP
4. get motivated to change
5. donate - using the money you would have spent going out, you donate to OP
6. then let us know what happens and join the circle of change community

### What we provide:

1. fat talk video from reflections - use this video to spark discussion with your circle of friends -you will need to play it from your computer - it is excellent!

2. enthusiasm and grateful hearts for what you are doing
3. support

### What you provide:

1. the friends
2. the place
3. the idea - the fun
4. the donation bucket

### Possible Ideas -

1. pot luck dinner in with friends
2. movie night in
3. house concert
4. craft night

Circles of change was inspired by a woman who loves to gather with her friends, enjoy good food and wine, while at the same time learn about and support important community causes. we are grateful for her willingness join our efforts at ophelia's place.  
you rock Joyce!!
